

York/Adams Drug & Alcohol Commission Policy & Procedure Manual	Number: T-5 Policy: Priority Population
Most Current Revision: 11/13/15	Page: 1 of 1

I. Purpose:

To establish policy to ensure that preferential treatment is provided to individuals according to priority population.

II. Policy:

YADAC and its contracted treatment providers shall serve an injection drug use population and shall give preference to treatment as follows:

1. Pregnant injection drug users;
2. Pregnant substance users;
3. Injection drug users;
4. Overdose; and
5. All other

If YADAC and/or any of its contracted treatment providers chooses/needs to restrict access to assessment and/or admission to treatment, such restrictions, as indicated on the YADAC Maximum Client Benefit document, shall **not** apply to pregnant women.
